

Travel insurance made easy — TravelWell®

It's that time of year when many people want an escape from the routine (and the weather!). But remember, when you leave the province or the country, you leave behind most of the coverage on your government health insurance plan. TravelWell® is one of Canada's most competitively priced travel insurance options for 24/7 worldwide medical and travel assistance the whole family can use!

Add TravelWell® to a home policy and pay only once annually for year-round protection.

New options available to TravelWell® customers

If your customers are planning trips over 30 days, they can apply for additional coverage for the full length of their trips as long as their government health insurance plan is valid. Plus, they can now apply for term extension coverage after their departure as long as their TravelWell® coverage period has not ended and they have not had a claim during their trip. **TravelWell®** customers can also now purchase the All-Inclusive plan once travel arrangements have already been paid for, up to 48 hours after purchasing a trip.

Did you know? An average price of an all-inclusive TravelWell® policy for a family of 4 is just \$232 per year.
